API Integration, Responsive Design, DOM Manipulation,

Dev Tools: Visual Studio Code, Postman, Chrome DevTools, Github, Figma, Netlify,

AdobeXD

Other: Basic SEO, Accessibility (WCAG), Cross-Browser Compatibility

EXPERIENCE

Frontend Developer

May 2024 - Present

Robomanthan Pvt Ltd Bengaluru – INDIA

Tech Stack: React.js, Next.js, REST APIs, Tailwind CSS

- Spearheaded the development of the company's official website using React.js and Next.js
- Built responsive, component-driven UI with Tailwind CSS ensuring cross-device compatibility.
- Integrated REST APIs for dynamic data rendering and efficient client-server communication.
- Optimized web performance using Next.js client-side rendering and route prefetching
- Improved user experience by applying consistent UI/UX design and accessibility standards (WCAG)

Frontend Developer

Mar 2022 - FEB 2024

Infosys Limited Bengaluru, INDIA

Tech Stack: React.js, JavaScript

- Designed and developed internal task management tools using React.js and JavaScript.
- Implemented state-driven components to enhance user interactions and task automation
- Collaborated with backend and QA teams to maintain UI functionality and cross-team workflows
- Delivered consistent UI across modules while managing project tracking and user task flows.

Sep 2021 – Feb 2022

Infosys Limited Bengaluru, INDIA

- Performed manual testing for enterprise-grade applications ensuring bug-free releases.
- Reported and tracked bugs using JIRA, contributed significantly to UAT and regression testing
- Identified and resolved critical issues in coordination with developers and QA leads.

EDUCATION

Vivekananda Global University

Jaipur, INDIA

Online MBA - (Information Technology)

July 2024- June 2026

Jadavpur University

Kolkata, INDIA

Bachelor of Engineering (B.E)

July 2017- June 2021

PERSONAL PROJECTS

CollegeONN

Next.js, Redux, JavaScript, MongoDB, REST APIs, Tailwind CSS

source code

- Built a college search platform using Next.js and Tailwind CSS
- Developed fast, server-rendered search filters by location, course, ranking
- Integrated REST APIs to dynamically fetch real-time data on colleges
- Created a discussion board for students to post queries and insights
- Designed responsive UI for consistent experience across mobile and desktop

School Website

React.js, Redux, HTML5, CSS3, JavaScript

- Built a clean and modern school website using React.js
- · Implemented responsive design and mobile-first layout
- Used Redux for state management in notice board & gallery module
- Deployed site on GitHub Pages via GitHub Actions
- Ensured cross-browser compatibility and performance optimization

CERTIFICATIONS

- Modern JavaScript for Web-Development
- Programming using Java
- AZ 900: Microsoft Azure Fundamentals
- <u>Database Management System</u>
- Programming Fundamentals using Python
- · Essentials of Cloud Computing
